SECRET MARRIAGE

BOYD BECKETT AND MISS CORNELIA C. BARKER WED LAST NIGHT.

LICENSE MAN SWORN TO SECRECY

So Was the Rev. A. W. Kokendoffer, Who Performed the Ceremony—Bridal Couple Departed for Kansas City, Mo.

A real surprise marriage was solemnized in Sedalia last night, the groom being Boyd Beckett, a popular Missouri Pacific machinist, and Miss Cornelia Crehan Barker, one of the accomplished daughters of Mr. and Mrs. J. H. Barker, of 120 West Fifth street.

The plans of the couple to keep the news a secret from all were executed well, and Mr. and Mrs. Beckett were safely out of town and on their way west before anyone outside of an immediate few was aware of the step taken.

The couple had planned an elaborate wedding for June, but several days ago, as was learned by the Democrat-Sentinel at the time, they decided to surprise their friends and be secretly married. Monday was set as the day for the event.

At 5 o'clock yesterday afternoon Mr. Beckett secured a license to wed from Deputy Recorder H. B. Scott. The latter was sworn to secrecy and he agreed to keep "mum."

The Rev. A. W. Kokendoffer, pastor of the First Christian church, was next engaged to marry the couple. He likewise agreed to keep the news a secret. Promptly at 8 o'clock last night the bride requested her mother to go to the picture shows, as the pictures were exceptionally fine. This Mrs. Barker consented to do.

No sooner had she left home than Mr. Beckett and his intended bride, accompanied by Miss Virginia Dameron and William Shaller, a Missouri Pacific machinist, proceeded to the study of the First Christian church, where the wedding ceremony was said at 8:30 o'clock by Rev. Kokendoffer.

The couple did not utilize a carriage, fearing their friends might suspect something. Immediately after the officiating divine had performed the ceremony and extended congratulations the bridal couple and attendants returned to the Barker home, where they anxiously awaited the mother's return from the picture show.

The latter came home soon and her surprise can be imagined when she was told that her daughter had been secretly married. Congratulations were extended, and at 1:45 o'clock this morning the bridal couple, chapered by friends and relatives, boarded Missouri Pacific train No. 9 for a few days' visit at Kansas City, after which they will visit the bride's sister, Mrs. E. R. Pickett, at Knobnoster.

They will then come to Sedalia to visit, and in case the strike at the shops is settled the couple will reside here, otherwise they will locate elsewhere.

Mr. Beckett is a son of Mr. and Mrs. T. C. Beckett, of Ft. Madison, Ia., and has resided in Sedalia for some time, where he is well and favorably known.

His bride is one of Sedalia's most refined and popular young ladies and every acquaintance will join the Democrat-Sentinel in wishing the couple a long life of wedded bliss.

RUSSELL CAMP MEETING

Will Hold Memorial Services on Sunday, June 12th.

The members of Russell camp No. 2065, Modern Woodmen of America, held an enthusiastic session last night.

W. D. O'Bannon, Edward Zoellig and J. M. Wood, representing the Memorial day committee, reported they had secured the services of Charles Wealan, national lecturer of the order, with headquarters at Fort Madison, Wis., to deliver the memorial address for the camp at Crown Hill cemetery on Sunday, June 12.

The committee also reported having secured the services of the Second Regiment band for the occasion.

After accepting the transfer card of C. W. Nelson, of Shawnee, Ok., the camp adopted a new set of bylaws, the details of which will be announced later.

Off to the Annual Fox Hunt.

Tom Shock, the liveryman; Phil Sullivan, county assessor; J. A. Williams, the wire salesman; Walter Petty, the stockman, and Guy Warren, a farmer, left this morning in a wagonette for Elk Lick, Mo., to participate in the annual hunt of the Central Missouri Fox and Wolf Hunting association.

Letting Fowls Run at Large.

City Attorney E. W. Coney today issued a warrant for the arrest of H. R. Brown, a Missouri Pacific shopman, and wife, on complaint of J. B. Light, charging them with letting fowls run at large.

The warrant was given to Chief of Police Howard Wood to serve.

NOT BE CANDIDATE

PRESIDING JUDGE C. W. McANINCH WILL NOT SEEK RE-ELECTION.

SAYS OVER HIS OWN SIGNATURE

Two Sons Will Be in School, and in Consequence Private Business Will Require His Entire Time and Attention.

Presiding Judge C. W. McAninch will not be a candidate for re-election, as will be seen by the following communication left with the Democrat-Sentinel today, with the request that it be given publicity:

To the Democrat-Sentinel: "Please say to the voters of Pettis county that I will not be a candidate for re-election to the office of presiding judge of the county court.

"I have been solicited and urged by a great many democrats from different parts of the county to again accept the nomination, and assured by quite a number of republicans that I could depend upon their votes and influence, all of which I very much appreciate.

"I had about decided to comply with their request, but find both my sons will probably be away from home in school. In that event private business would demand all my time and attention, therefore I must decline the honor.

"The office is a very important one, perhaps the most important of any in the county, and we should be very careful in selecting a man to fill it. "He should be intelligent, strictly honest, conscientious, and one who has the nerve to do his duty under all circumstances.

"The county court feels very grateful for the many expressions of confidence and approval of its administration of the affairs of the county. Very truly—C. W. McAninch."

SHOWED WITH RICE

Were Bride and Groom When They Left Sedalia Today.

Showed with rice, Mr. and Mrs. Joseph Feddler, the latter formerly Miss Benna M. Gorrell, left on the fast mail train this morning for Kansas City and Horton, Kas., to spend their honeymoon, after which they will return here.

The wedding, as previously announced in the Democrat-Sentinel, was solemnized at Sacred Heart Catholic church at 6 o'clock this morning. The pastor, the Rev. Fr. S. Nelberg, officiated. Only immediate relatives were present.

Miss Elizabeth Harris and William Feddler, a brother of the groom, were the attendants.

TO BOOM THE "Y. M. C. A."

Temporary Headquarters Over Sedalia Printing Co. Office.

Temporary quarters have been rented over the Sedalia Printing company, on East Fifth street, by Y. M. C. A. enthusiasts, while they are raising the \$50,000 fund to build a Y. M. C. A. home in Sedalia, which news was printed in Monday's issue of the Democrat-Sentinel and in today's issues of the St. Louis Republic and Kansas City Times.

Mr. J. H. Piper, the efficient secretary of the organization, is very optimistic regarding the outlook for raising the required sum, as it is understood several good sized subscriptions are already in sight.

SEDALIA GUN CLUB

ANNUAL TOURNAMENT AT LIBERTY PARK ON THURSDAY AND FRIDAY.

MANY CRACK SHOTS TO BE HERE

In Addition to \$200 Cash Prizes by the Club the Merchants of the City Have Donated Liberal Prizes.

The Sedalia Gun club's annual tournament will be held at Liberty park Thursday and Friday of this week, and if the expectations of the members are realized fully one hundred prominent marksmen from all parts of Missouri, Kansas, Illinois, Iowa and Nebraska will be here to participate.

The club has offered \$200 cash prizes for the two days, \$100 divided into ten events, each event to be for \$10, for each of the two days. The events will begin at 9:30 a. m. and will be concluded about 5:30 p. m.

On Friday night, probably at the Antlers hotel, the Missouri State Trapshooters' league will meet to select the time and place for the Missouri State league shoot.

Alex McLaughlin, of New Franklin, is president of the league; F. E. Hoffman, jr., of Sedalia, is vice president, and Arthur Haysler, of Clinton, is secretary. Strong efforts will be made to select Sedalia as the place for the big event.

In addition to the \$200 offered by the Gun club for the shoot, thirty of Sedalia's enterprising merchants have donated liberal prizes to be offered in what is known as the merchants' shoot.

A feature of the event will be that there will be no admission to witness the shoot, and a cordial invitation is extended to all to attend.

The members of the Sedalia Gun club, who are coming into prominence owing to the enthusiasm shown at each of the weekly shoots, have recently completed an up-to-date club house, about 150 feet due west of the baseball grand stand at Liberty park.

The house is neatly furnished and cost in the neighborhood of \$250. Over the entrance is a sign, "Sedalia Gun Club."

Local marksmen are looking forward with pleasure to this week's event, and in all probability it will be chronicled in the annals of marksmanship of Sedalia as one of the most successful ever held in Central Missouri.

A committee waited on Mayor J. W. Mellor this morning and secured his consent to fire the first shot at the shoot, which will add renewed enthusiasm to the affair.

UNDERGO AN OPERATION

Harry Waldman Was Taken to Kansas City This Morning.

Harry Waldman, son of Mr. and Mrs. J. Waldman, a student at the state university at Columbia, was taken to Kansas City today, where he will be operated upon for appendicitis.

Young Waldman has been ailing for a week or more, and Saturday night his condition grew to be such as to justify informing his parents. A telephone message was therefore sent late Saturday night.

Mrs. Waldman responded promptly, going to Columbia Sunday morning, and upon her arrival there and learning the condition of her son she immediately advised Mr. Waldman, who went to his son that evening. Today Mr. and Mrs. Waldman took their son to Kansas City over the Wabash, where he will undergo an operation.

NEAPOLIS LODGE MET

Mrs. Jerome Moyer Was the Guest of Honor Last Night.

Neapolis lodge No. 153, I. O. O. F., at last night's meeting, balloted on two applications and conferred the second degree of the order on R. H. Humphreys, Edward Hardin and Marion Palmer.

Among the members of the order present was Mrs. Jerome Moyer, recently elected president of the Rebecca state assembly for Missouri, who, while attending the convention at Columbia, was presented with a beautiful bouquet of flowers, costing \$15, sent to her there by Neapolis lodge, and who tendered her thanks to the lodge for the kindness.

The Census Not Completed.

Dr. Ira T. Bronson, census supervisor for the Seventh district, informs the Democrat-Sentinel that the enumeration in this district will not be completed until next week, probably May 31.

The exact figures of the population of Sedalia and Pettis county will first be sent out from Washington, possibly early in July.

The Leader estimates the population of Springfield at 36,000.

Broken Up Housekeeping.

Z. T. McAninch and wife have broken up housekeeping at Knob Noster and returned to Green Ridge, where they will make their home with their son for the time being.

GIRLS IN DANGER

NINE TELEPHONE OPERATORS IN WICHITA POISONED BY ICE CREAM.

EXCHANGE TURNED INTO HOSPITAL

Eight Were Violently Stricken and Removed to Their Homes—Ninth Succumbed Later—Three of Sufferers May Die.

Wichita, Kas., May 24.—The exchange of the Missouri and Kansas Telephone company here was converted into a temporary hospital last night, when eight of the company's operators became violently ill after eating ice cream purchased at a nearby confectionary shop.

Physicians who were hastily summoned pronounced the illness ptomaine poisoning. The operators were placed on the office floor and counters. Later they were moved to their homes. During the night the ninth operator was taken ill and she, too, is in a dangerous condition today.

Three of the patients, including the chief operator, may not recover.

ROBBER SUSPECTS FREED

One of Them Was Lee Marcum, a Sedalia Laborer.

Henry St. John, of No. 2218 South Broadway, and Lee Marcum, aged 22, a laborer of Sedalia, who were arrested following the robbery of John Louder, a candy store proprietor in St. Louis, were released from custody Sunday night.

The men were arrested at Twentieth and Market streets on complaint of Louder. He said the men were the ones who entered his store.

Captain Schwartz, of Central station, investigated and found that St. John and Marcum were at a dance at the hour Louder alleged he was robbed.

THE STORY OF A CHECK

Case Against Ray Wells Dismissed by County Prosecutor.

Prosecuting Attorney H. D. Dow has ordered a dismissal of the charge of obtaining money by false pretenses, which was preferred against Ray Wells, a well known Sedalia boy, by Jesse Warren, of the Star grocery, some time ago.

The check which caused the trouble, according to Mr. Wells, was given to him by Mr. Warren last November. It was tendered at the bank for payment, but no funds were on hand, hence it was not paid.

Later, Mr. Wells gave the check to the Star grocery for groceries purchased there.

ARE WED ELEVEN YEARS

Mr. and Mrs. F. E. Warner Are Celebrating the Event.

F. E. Warner, better known as Elmo Warner, the well known driver for the Dorn-Cloney Laundry company, and wife, residing at 636 East Fifth street, are today celebrating the eleventh anniversary of their marriage, which was solemnized at Lamar, Mo., by a Methodist minister.

Mrs. Warner was, before her marriage, Miss Una Albright, of that place, and owing to her poor health at the present the event is being quietly celebrated.

HAMLIN VS. KIRBY

WILL THEY CONTEST FOR CONGRESS IN GREENE COUNTY, MISSOURI?

CHALLENGE NOT YET ACCEPTED

Hon. W. G. Lynch, an Attorney of Sedalia, Will Enter the Contest in the Event Greene County Has Two Candidates.

Springfield, Mo., May 24.—No direct reply has been received from Congressman C. W. Hamlin in answer to the proposition advanced recently by friends of Guy D. Kirby that the two congressional candidates engage in a primary contest in Greene county to determine who shall be the candidate of the south end of the district in the primary election next August. Friends of Mr. Hamlin assert that he will pay no attention to the challenge, and that he will seek renomination by campaigning every county in the Seventh district.

Mr. Hamlin has been in Washington since December, attending the sessions of congress. He has filed his declaration of candidacy with the secretary of state, and, according to word which has been received from him, he will begin his primary campaign as soon as congress adjourns and he can get back to his home here.

As yet Mr. Kirby has not filed his declaration of candidacy for congress from this district and has authorized none of his friends to say that he is an active candidate, following the advice given by Hamlin not to contest Greene county with him.

Friends of Hamlin say he is willing to enter the field for renomination with an opponent in his own county, but naturally would prefer to make the race for a renomination without having to divide his own county with another democrat.

W. G. Lynch, an attorney at Sedalia, will be a factor in the contest for the democratic nomination in the event both Hamlin and Kirby are candidates. Should Lynch enter the race he would practically be a representative of the north half of the district. He has lived at Sedalia for four years, going there from Saline county, which usually rolls up the biggest majority for democracy.

MRS. PLANCK BUYS A CAR

Detroit Electric Coupe to Arrive Here in a Few Days.

The first electric automobile to be seen in Sedalia will arrive here within the next ten days, the purchaser being Mrs. J. M. Planck, of 500 West Fourth street.

The car purchased by Mrs. Planck is known as a Detroit Electric Coupe. It is an expensive machine, affords accommodations for four passengers and is one of the most beautifully and perfectly equipped cars that will be seen in Sedalia this season.

Noticeable about the machine is an electric light, speedometer, electric clock, bouquet holder and other useful ornaments.

The machine is of a deep blue and black color, with blue upholstered leather. It will travel between eighty and one hundred miles with one charge.

Mrs. Planck will have erected in the rear of her home, where the machine is to be kept, a charging station.

CLOSE CONTEST JUNE 16

Miss Stella Condon to Give a Social Tomorrow Night.

The young ladies interested in the popularity diamond ring contest for the benefit of the new Sacred Heart school met with Father Neiberg last afternoon and discussed in a friendly way the rules to be observed and the time of deciding the successful candidate.

The result of the meeting was a decision that June 16th, at 9:30 p. m., voting would cease and the contest be decided; moreover, votes may be secured by socials given by candidates.

In consequence, Miss Stella Condon announces that Wednesday (tomorrow) evening she will give an ice cream and strawberry social, either on the lawn adjoining the parochial residence, or in case of

chilly weather, in the club rooms of Sacred Heart school.

Miss Condon is quite popular and a fine entertainer. She invites her friends and the public in general to attend her social, which is to be under the auspices of Sacred Heart branch No. 157, Catholic Knights and Ladies of America, of which the beneficiary is an honored member.

Bought Broadway Property.

Joseph G. Cox, the Clifton City banker, has purchased of C. A. Raum, a former Sedalian, but now of Columbia, the old Fleischmann property on West Broadway, the consideration being private. Mrs. Cox will make her home there while educating her children in Sedalia, and Mr. Cox will spend each Sabbath with his family here.

LICENSE SECURED

MISS DORA LOOMIS TO BECOME THE BRIDE OF A DENISON, TEXAS, GENTLEMAN.

A FORMER TELEPHONE OPERATOR

Resigned Less Than a Month Ago—Has Been Making Her Home With Her Sister, Mrs. Luther, on East Ninth Street.

It isn't unusual for a bride-to-be to want to keep the details of her approaching marriage a secret from everyone for at least a week or such a time before the event is scheduled to occur, but it is unusual for a bride-to-be to try to keep the affair a secret after the marriage license has been publicly issued.

Such, however, is the case with Miss Dora B. Loomis, a former Bell Telephone Co. operator, who today was granted a license to wed Thomas Blanchette, of Denison, Texas.

Miss Loomis resigned less than a month ago. She resides with her sister, Mrs. J. F. Luther, 801 East Ninth street.

"Who is this talking?" inquired a feminine voice at the other end of the line when a reporter for the Democrat-Sentinel called for the prospective bride.

"A newspaper reporter," was the response.

"Well, she hasn't anything to tell you," responded the voice, and after vociferating that declaration she replaced the receiver with enough vim to impress the auditor that she meant what she said—and so the case rests.

TO BE MARRIED IN JUNE

Mr. Roy Jenkins and Miss Feroi Guinn, of This City.

Last night the friends of Mr. Roy Jenkins, son of Mr. and Mrs. James Jenkins, of South Engineer street, and Miss Feroi Guinn, daughter of Mr. Charles Guinn, of 424 Howard street, tendered them a delightful surprise in the form of a china shower at the home of the bride-to-be.

About thirty guests were present and a large assortment of china was presented the couple.

The evening was passed pleasantly with music and various entertainments. Refreshments of ice cream, cake and fruit were served, and the guests departed at a late hour, expressing their pleasure in the evening's entertainment.

Mr. Jenkins is a young boilermaker at the Missouri Pacific shops. He and Miss Guinn are to be married about the first of June. They will probably reside in this city during the coming summer, and a host of friends will unite in wishing them the very best that life may hold in the future.

BURIAL OF MRS. PREGGE

Funeral Services at the German M. E. Church Today.

The funeral of Mrs. John Pregge, who died Sunday, was held at the German M. E. church at 2:30 o'clock this afternoon, the pastor, the Rev. Mathew Hermann, assisted by the former pastor, the Rev. Samuel Buecher, now of Higginsville, officiating.

There were many beautiful floral offerings, and after impressive services at the church the remains were taken to Crown Hill cemetery for interment. The pall-bearers, whose names were printed in yesterday's paper, served.

MEAT CONTRACTS

ARE SECURED BY GOVERNMENT AT LESS THAN HALF THE RETAIL PRICE.

TEXAS BUTCHERS ARE INDIGNANT

In the Meantime the Packers Are in the Saddle and Pushing Their Business—What Are You Going to Do About It?

San Antonio, Texas, May 24.—The high price of meat apparently does not greatly affect government contracts. Tenders advertised by department headquarters at Fort Sam Houston for the purveyance of fresh beef to the garrison in the department of Texas amply demonstrate this.

The contracts for Forts Sam Houston, Clark, Bliss, McIntosh and the Reno Remount depot were secured by Swift & Co. at the following respective prices per hundred pounds: \$8.52, \$10.50, \$8.83, \$9.97 and \$9.95. The Fort Logan H. Roots, Ark., contract was secured by Armour & Co. at \$9.93 per hundred pounds, and John A. Leberman, of El Reno, Ok., was given the Fort Sill contract at \$8.40.

According to the contracts, only the highest grade of meat is accepted by the quartermaster, furnishing cuts, which, according to the contract price, would range from a minimum of 6 cents per pound to 12½ cents per pound. The retail price of meat at the points named is a little more than double that paid by the government.

The publication of the contracts has created quite a little of a sensation among retail butchers in this city. Compare with the contracts of last year the supply for 1910-11 is a little more than one cent higher per pound.

OHIO STREET BURGLARY

Arlington Pharmacy Broken Into Last Night.

The Arlington Pharmacy, 508 South Ohio avenue, was mysteriously robbed last night. A number of postage stamps and \$5 in small change were taken from the cash register, but the thief failed to open the safe in the rear of the store, after breaking the combination.

The robbery has mystified the police. It was discovered this morning when the clerk opened the place for business. Both the front and rear doors were locked and not a glass window in the store or doors was broken. Entrance can not be gained through the cellar, either.

The front door has two locks, one of which is a Yale lock. Persons entering that way must first unlock both locks. The rear door is locked and also bolted with three large 2x4 pieces of timber.

When the clerk went to the safe to open it he found that the combination had been broken and the safe door resisted all efforts to open it. Harry James, an expert locksmith, began working with the safe this forenoon, but up to the hour the Democrat-Sentinel went to press had not succeeded in opening it.

None of the stock of goods was taken and it is not known if the safe was robbed and the combination then broken.

NO BUNKS YET PUT IN

This Is Authentic Report From Missouri Pacific Shops.

There was a report in circulation last night that the Missouri Pacific was installing sleeping bunks at the new shops in anticipation of putting to work a number of non-union men to take the places of the striking machinists.

There is no foundation whatever for the report, as a reporter for the Democrat-Sentinel learned today after personal investigation.

There is no change in the situation of the machinists' strike. The company has not as yet made any effort to supply the places of the strikers, but the Democrat-Sentinel is informed by a source worthy of credence that new men will be put to work in the very near future unless the men now out return to work on the company's proffer of 39 cents an hour.

A THOUGHT FOR TODAY.

There is none made so great, but
he may both need the help and ser-
vice, and stand in fear of the power
and unkindness, even of the meanest
of mortals.—Seneca.

A WOMAN'S CONSCIENCE.

Says Willis P. King in the Kansas
City Post:

Woman's suffrage has been declared
a failure by the politicians of Den-
ver, a failure that is flat, dismal and
irredeemable.

From the viewpoint of the politi-
cian, women have been weighed in
the balances and found dishonest—
that is to say, politically dishonest.
There are different kinds of hon-
esty, set up by different human
standards. There are business, politi-
cal, social and common or garden
variety.

"My idea of an honest man," once
said Big Tim Sullivan, of New York,
"is one who will stay bought."

Sullivan was a politician. Therefore
would he have condemned those wo-
men of Denver, who, having sold
their votes and gotten the money,
went to the polls and voted the other
way.

At an election that was held in the
Colorado capital last week it was of
pecuniary interest to a big business
enterprise that a certain proposition
should carry. Gentlemenly agents—
as the men who sell concert tickets
at the circus are described—went
among the fair, but unfair voters,
and peeling off crisp bills from huge
rolls deposited them in jeweled
hands. The women took the money
with a courtesy and a "Thank you,
kindly, sir," and then proceeded to
kill the measure they had been bribed
to boost.

Why didn't they "stay bought?"
Because the sexes differ both in
conscience and the lack of it. When a
man falls low enough to sell his vote,
he is depraved enough to deliver it.
His self-respect is gone when he
takes the money. It is at this point
that the woman's idea of right and
wrong returns.

Thus argued the ladies after the
banknote was safely ensconced be-
tween nose and epidermis: "I had
to take the money because I can't
refuse it. I never could. But if that
contemptible briber thinks my pre-
cious suffrage is a thing to be bought
and sold he is mightily mistaken.
Should I vote the way he wants me
to I'd be selling my vote. Why, I'd
be a criminal! Wonder what that
miserable whelp takes me for any-
way, to think that I would sell my
vote like a drunken barroom loafer?"
"I'll vote the other way just to
show them that a woman's vote can't
be trafficked in. Give back the mon-
ey? Well, I guess not! If I did they'd

use it to buy the vote of some poor
woman who isn't strong enough to re-
sist temptation. I owe it to her to
ness, and besides, I need the money."

What a pity it is that men don't
argue the same way. If they did I
would break up the practice of vote-
buying in an amazingly short time.
Maybe that's why they don't.

AN OBJECT OF PITY.

Even the most bitter enemy of
President Taft must feel sorry for
him. His administration thus far has
been characterized by a series of
blunders. Unfortunately for Mr. Taft
and the country, however, they have
not been blunders of an excusable
nature. It is plainly evident to his
fellow citizens that the president has
surrounded himself with unworthy
advisers, men whose interests are
not those of the people, and that Mr.
Taft is as putty in their hands.

His defense of the outrageous Ald
rich tariff, which gave the lie to his
platform pledges and campaign prom-
ises, showed this. His intimate asso-
ciation with the worst element of the
reactionary clique in congress con-
firmed it. His course in the Ballin-
ger-Pinchot episode proves it beyond
question.

It is inconceivable that a man pos-
sessed of the judicial mind credited
to Mr. Taft should permit another
man to compile an important decision
for him and then affix his signature
to it without a proper review of its
contents. Nor would a just judge
countenance the prebending of a law-
yer's brief in the interest of his
client and with a view to falsifying
the records. Mr. Taft's explanations
do not vindicate him.

The fact remains that he was a
party to a plot to deceive the pub-
lic.

In view of the recent revelations it
will be impossible for the Ballin-
ger-Pinchot kalsomining committee to
perform its appointed task with
plausibility. If any doubt remained of
Ballinger's unfitness for the position
he holds in the government, it has
been more than supplied by the re-
cent revelations. And unfortunately
they have shown that he is not alone
in this respect. There are others who
are revealed in a very unfavorable
light before the public.

The proposed constitutional amend-
ment providing for a later inaugura-
tion date has failed of the necessary
two-thirds majority in the house. It
is well that it did. The gap between
the time of choosing a new executive
and the beginning of his term of of-
fice is altogether too wide as it now
stands. Inauguration day should be
brought closer to election day, and
the same may be said of congress.
A remarkable incongruity is the fact
that the congress chosen in Novem-
ber does not begin its work until
thirteen months after the people's
mandate has been given. The voters
may repudiate a congress at the
polls, but the same bunch continues
to make laws, levy taxes and spend
the public funds for more than a
year after the people's will has been
registered. A reform is needed here.
In stage coach days there was some
excuse for such delay in a change of
public servants, but in the present
era of rapid transportation and com-
munication there is no reason why
congress should not convene and the
president be inaugurated within a
month after their election.

LOSES FAITH IN BRYAN

Sees No Chance for Hair Cut With
Nebraskan in Race.

Macon, Mo., May 24.—Thos. Ben-
ton Robertson, who in 1896 vowed
he would never permit shears or
razor to touch his head until Bryan
was elected president, said yester-
day, almost with tears in his eyes,
that he did not think it would be
wise for his party to nominate Bryan
next time.

"Bryan is the smartest man who
ever ran for the presidency," said
Mr. Robertson, "but I don't believe
we can elect him, not this time, and
we must put up a man we can elect.
In 1896 when I took that oath I was
sure Bryan would be elected, just as
I have every time since, but now I
got another guess coming, and it
seems it must be somebody else. Oh,
yes, I'll give the barber a job,
whether it's Bryan or not. If we
elect any man that lets me out, but
I wish it could be Billy Bryan."

Mr. Robertson is 70 years old, and
he says he expects to live to vote at
several more presidential elections.
When his hair is combed out it ex-
tends far down his back like a sil-
very sheep.

MINERS BACK TO WORK

Settlement of Trouble in St. Clair
County, Ill.

St. Louis, Mo., May 24.—Agree-
ments whereby 2,000 coal miners in
St. Clair county, Ill., returned to work
this morning, after having been out
for nearly two months, were signed
by the representatives of the United
Mine Workers and the independent
operators at Belleville yesterday.

The miners get 3 cents a ton in-
crease over their former wages, as
the companies pay the shot-firers.

The companies signing the agree-
ments are those which are not in any
way connected with the Coal Opera-
tors' association.

They are sixteen in number and
comprise practically all of the smaller
operators in St. Clair county.

The signing of the agreements will
open about twenty shafts.

Difficult Scriptures on Hell.

A little book selling at only 10
cents, postpaid, is having a very wide
circulation—running up into the mil-
lions. It contains some very startling
information respecting the meaning
of the word Hell. It claims to dem-
onstrate, both from the Hebrew and
Greek of our Bible, that Hell is not
a place of eternal torment, but merely
another name for the Tomb, "the
Grave, the State of Death. It effects
to show that man was not redeemed
from a far-off place of eternal torture,
but quotes the Scriptures proving that
he was redeemed from the grave at the
cost of his Redeemer's life and that
the Scriptural hope, both for the
church and the world, is a resurrec-
tion hope based upon the death and
resurrection of Jesus. The book is
certainly worth the reading. The in-
formation it furnishes is certainly
valuable, far beyond its trifling cost.
Order it at once from the Bible and
Tract Society, 17 Hicks street, Brook-
lyn, N. Y.

MONEY**AND
THE POWER OF INTEREST**

When you make your money earn interest you are
on the road to WEALTH.

A Dollar deposited with us takes root instantly.
It is not parched or burned by droughts, nor killed by
frost or sleet. It will not be lost through a hole in the
pocket nor borrowed by some pestilential friend or
boon companion. It is beyond the reach of earthquake
or lightning, accident, sneakthief, thug or murderer.

Here the dollar is safe. It works for you by day
and night.

When you deposit a dollar with us you have
bought a dollar's worth of self-respect and still HAVE
THE DOLLAR LEFT.

The investment of money in a Savings Account at
compound interest is the best investment, the most pro-
fitable business and the greatest and grandest method
of saving money and accumulating wealth we know
anything about.

Whenever a man uselessly spends a dollar, then
that man has taken a step on the road that leads to
poverty, perfidy, moral, mental and financial destruc-
tion.

THE FIRST DOLLAR deposited with us is the
magnet that draws others from where it came; in ad-
dition to what it earns in the way of interest. It will
be a slave that neither eats, drinks nor sleeps.

A Savings account can be started with any amount
from \$1 upwards.

The readers of this paper will be pleased to
learn that there is at least one dreaded disease
that science has been able to cure in all its
stages, and that is Catarrh. Hall's Catarrh
Cure is the only positive cure known to the med-

disease, requires a constitutional treatment.
Hall's Catarrh Cure is taken internally, acting
directly upon the blood and mucous surfaces of
the system, thereby destroying the foundation
of the disease, and giving the patient strength
by building up the constitution and assisting

GOVERNOR STUBBS

RED-HEADED INSURGENT WHO IS RAISING HADES OUT IN KANSAS.

ALWAYS HAPPY WHEN FIGHTING

He Seeks Renomination as Governor, in the Hope of Eventually Landing in the Senate of the United States.

Topeka, Kas., May 24.—Quite the most rakish picture printed in the papers lately is the new photograph of Walter Roscoe Stubbs, governor of Kansas. It shows him wearing a light felt hat that looks like a three-cornered compromise between a stove pipe, a fedora and a derby. And yet if there's anything or anybody for whom Stubbs cherishes an unholy disgust it's the man of fashion. When you begin to talk about fighters—fighters of trusts, of politicians, of personal enemies, of graft or of any old thing at all the mind turns to Stubbs like a needle to a magnet. Stubbs doesn't always win, but the few men who have beaten him in any kind of a struggle have always been willing to acknowledge that they have been to the wars. Just now he has an eye on the seat of United States Senator Curtis, and he won't be happy till he gets it.

Stubbs isn't a trained politician. He's a heaven sent genius at the game. Born in Richmond, Ind., in 1858, of a family that didn't even own a mush pot—let alone the mush—Walter Roscoe Stubbs began hustling young. By and by he had run the plug team with which he began business operations into a \$5,000,000 contracting company, and in 1903 was elected a member of the Kansas legislature because of some misjudgment on the part of the machine.

Then he began to fight. And continued fighting won for him the governorship of Kansas. His long suit is finding out what people are dissatisfied with, and making them more discontented. Next to that is his business ability. He believes in honesty in office—not political honesty, but regular honesty—and he won't have an employee in the service of the state who won't do a day's work. His weakness is that his is one-man power. He has no lieutenants in his army. His strength is that he is the doggonest fighter that ever hit the grass country. A good part of Kansas swears by him. The rest swears at him.

Stubbs is tall, broad-shouldered, red-headed, loose-legged and ugly. He can't orate—but he can ask more unanswerable questions than the combined army of census takers.

These two paints are offered to you at least 10c less per gallon than they would cost to get them here. There will be no further announcement of this bargain, and whether the paints are sold or not the offer closes Saturday night.—Arlington Pharmacy, 508 Ohio.

TO SEE "JEFF" BOX

HE INTENDS TO BE PRESENT AT THE EXHIBITION BY JIM FRIDAY NEXT.

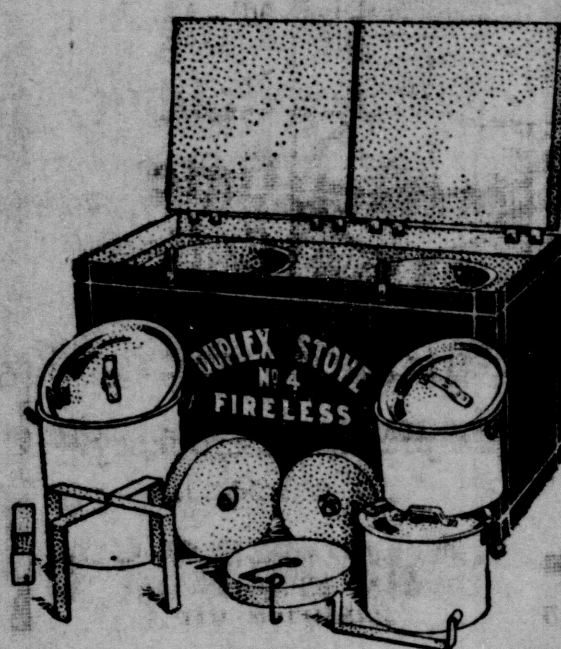

JOHNSON IS BACK TO ROAD WORK

Negro Says That "Tex" Rickard Will Be the Referee, and There Is No Use of Him Thinking of Backing Out.

San Francisco, Cal., May 24.—Jack Johnson expects to be on hand to see Jim Jeffries do his boxing in San Francisco next Friday night. The idea was put into the champion's head by one of the trainers at his camp, and although it was intended more as a joke than anything else, he decided it would be a good scheme. "Jeffries certainly will be surprised," remarked Johnson, "if I should show up with some false whiskers and suddenly pull them off while he was boxing. But, why should not I go and see him box? Of course I have seen him in action before, but then I might like to know what condition he is in. I am not worrying about the fight or about Jeffries, for I expect to beat him, but all the same I think I will be on hand next Friday night."

The black fighter dropped back into the road work yesterday. Bright and early he was on the park roads and before he had finished had covered the usual twelve miles.

"That is the work that is taking off the weight for me," he said to one of his friends. "When I reached California I weighed 227 pounds, and now I am down close to 218. For the fight I expect to weigh something like 208."

Some of the men who were mentioned for the refereeship are still calling upon Johnson, but the fighter declines to talk business with them. "The referee has been selected," he declared Monday, with some emphasis. "Rickard is just as satisfactory to me as he is to Jeffries. We are the ones to be suited in the matter, and Tex will have to serve. I don't consider there is a chance for any one else, and I have told Rickard I don't expect him to back down."

An insult. Magistrate—"You are charged with assault and battery. Are you guilty or not guilty?"

Prisoner—"I suppose I am guilty, your honor, but there were mitigating circumstances."

Prisoner—"He said that I was no gentleman, your honor."

The Power of a Will.

Hojax—"There goes Mrs. Jim Jones. They say she married Jim Jones to reform him and has succeeded by mere force of will."

Tomdix—"But she is such a frail little thing! How did she manage it?"

Hojax—"By giving him to understand that if he didn't brace up and do better she would will all her money to charity."

One More Importance.

"And now that you are of age," said the anxious father, "I want to give you a few pointers on how to keep money."

"Say, dad," replied the son of his father, "hadn't you better begin by giving me a few pointers on how to get it?"

What He Needed.

"You can see that I am in need, ma'am," said the husky hobo. "Can't you give me a little assistance?"

"Certainly," answered the kind lady as she handed him a cake of soap. "Here is what you need."

"Foul tactics," declared the half-back.

"What's the trouble now?" demanded the referee.

You Know Some Men

Don't think they're getting really good Shoes unless they pay \$5 to \$7 a pair for them, and then there are others who seem to believe that \$2.50 will buy just as good Shoes as any man should want—We have made many customers out of both classes—when a man once learns by actual test that WALK-OVERS combine everything that could possibly be desirable in the way of style, durability and comfort, he doesn't do any more experimenting, he buys WALK-OVERS for dress or every day wear.

TO SAVE THE BOYS

SEND THEM TO THE BASEBALL GAMES AND KEEP THEM OUT OF SALOONS.

SAYS THE MAYOR OF MILWAUKEE.

He Delivered an Address Before the Ministerial Alliance—What He Said Is Worth of Consideration.

Milwaukee, May 24.—“While you are fighting for some theological dogma our boys and girls are going to hell,” said Mayor Seidel in an address before the Milwaukee Ministerial alliance last night.

During the discussion and immediately after Mayor Seidel had remarked that when a boy is offered a baseball ticket he will shun the saloons. A minister said he would not trust his boy to attend a baseball game because intoxicants are sold on the grounds. “They’ll manage to drink somehow,” said the minister.

“Then it’s up to you,” replied the mayor, “to cultivate and develop a better taste.”

One of the ministers said there was no need of trying to give the boys “good, wholesome amusement” when the nickel theaters downtown catered to their baser passions.

“The thing for us to do, then, is to compete with the nickel theaters,” replied the mayor. “Have a moving picture machine right in the school house.”

THE NEW MESSAGE

A Novel Plan That Has Proved Its Worth Over and Over Again.

Beauty hints are always welcome reading, because women of today know that what we formerly called the marks of age, really are indications of complexions neglected. Massage and high grade skin foods and creams have worked a revolution in this respect. And now massage itself has been revolutionized by the invention of the Harlan Beauty Cup, which is a mechanical appliance working upon a gentle vacuum system, and has a marvelously beneficial effect by cleansing the pores and manipulating the skin textures more evenly and better than is possible by hand.

When it is stated that the manufacturers of the Beauty Cup are also the makers of Crown Cream, users of that excellent face cream will understand why implicit confidence can be placed in any statement concerning the other toilet device. Crown Cream is literally without a rival, and it differs from other preparations for the reason that its beautifying powers are so great, that many women use it without any massage whatever. Used in connection with the Beauty Cup, however, the effects produced are not only highly pleasing, but very quickly secured. Crown Cream is sold by every dealer everywhere, for 50c a jar, and the price of the Beauty Cup is also half a dollar. If your dealer does not keep these goods they will be sent prepaid by the Harlan Mfg. Co., Toledo, Ohio, on receipt of the price. Give your dealer's name in writing to the company.

For sale by Bruce Pharmacy, corner Fourth and Ohio.

POINTS TO CONCERT GOERS

Something of the Principals of the New York Symphony Orchestra.

It is always gratifying while listening to a concert to know by name as many of the musicians as possible. Therefore a few lines as to the personal characteristics of the New York symphony principals, who will come to Sedalia June 4th under the auspices of the Ladies' Musical club, will prove very helpful.

Alexander Saslavsky, first violin, is the stoutest; George Barrere, the most bewhiskered; Paul Keler, Cello, the most Anglo-Saxon looking (and he is typically French); Auguste Mesnard, basso, the baldest; Leon Leroy, clarinet, follows the swagger fashion set by the kaiser in the trimming of his moustache. The distinguished middle-aged gentleman with gray hair and Vandyke beard, who heads the double bass section, is Ludwig Manoly. It may be noticed also that those wearing their hair at the most artistic length are generally found at the last desks of their section.

Finally, we may add, for those who might have trouble in locating Walter Damrosch that the conductor is clean shaven, rather tall, broad-shouldered, and that his hair is, as he puts it himself, blonde but slightly tinged with gray.

Finally, if anyone should fail to recognize him by these signs, let it be remembered that during the performance, he generally stands in front of the orchestra.

ANOTHER POISON CASE
Five More Jurors Secured to Hear Evidence Against Mrs. Dosey.

St. Louis, May 24.—Five additional names were added to the jury panel in two hours today in the trial of Mrs. Dora E. Dosey, charged with the murder of her alleged husband, W. J. Erder. Twenty tentative jurors are still needed to complete the panel of forty-seven.

Dr. L. B. Dosey, the prisoner's husband, who also is under indictment, was kept in his cell today and will not be taken into court while his wife is on trial.

Emphatic declarations of sympathy for women charged with crimes were made by two veniremen in their examination and the circuit attorney, following his custom, challenged the prospective jurors who said they would not convict a woman on circumstantial evidence.

Made Him Cross.
“I made my husband cross this afternoon,” said Mrs. Caller.
“How was that?” queried Mrs. Homer.

“He was on the opposite side of the street, and I beckoned him to come over,” explained the other.

Exactly the Same.
Askitt—What do you know about Blank's veracity?

Noitt—Oh, his word is as good as his bond.

Askitt—Are you sure?
Noitt—Yes; but his bond is worthless.

She Accepted.
Ethyl—“I accepted nearly a hundred proposals at the seashore last summer.”

Myrme—“Pshaw! You are joking.”
Ethyl—“No, I'm not. Every time a young man proposed soda or ice cream I accepted.”

His Ability.
Hojax—Is J. Smith what you would call a clever man?
Tomdix—Sure thing. Why, he can pick up an umbrella and walk off with it as if it belonged to him.

His First Bright Thought.
Mother—Come here, Clarence. This is your little cousin, Polly of whom I have spoken so often.
Small Clarence—Hello, Polly! Do you want a cracker?

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away.

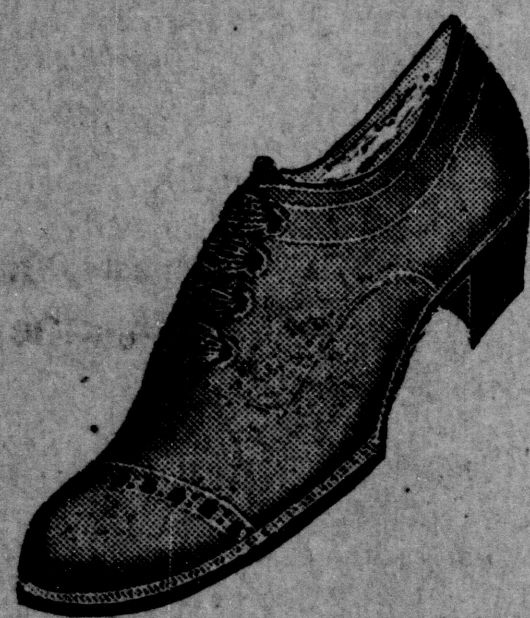

Sedalia women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Sedalia woman's words:

Mrs. J. N. Elmore, 501 E. Third St., Sedalia, Mo., says: "A dull pain in my back and shoulders made me miserable and I was so lame at times that to arise from a chair or to stoop was an extremely difficult operation. A weakness of the kidneys also caused me great annoyance and I became worried about my condition. Finally I began using Doan's Kidney Pills, procured at Bard's drug store, and before long I was free from the trouble. Since publicly endorsing this remedy in 1906, I have had but little annoyance from my kidneys and therefore, I gladly confirm my former statement."

HIS SORE HANDS CURED IN A WEEK

Cracked Open, Bled, Burned and Ached for Over a Year—Could Not Sleep nor Even Dress Himself—Doctors Failed to Help Him.

MAN OF 70 OWES SKIN COMFORT TO CUTICURA

"I am a man seventy years old. My hands were very sore and cracked open on the insides for over a year with large sores. They would crack open and bleed, itch, burn and ache so that I could not sleep and could do but little work. They were so bad that I could not dress myself in the morning. They would bleed and the blood dropped on the floor. I called on two doctors, but they did me no good. I could get nothing to do me any good till I got the Cuticura Soap and Ointment. About a year ago my daughter got a cake of Cuticura Soap and one box of Cuticura Ointment and in one week from the time I began to use them my hands were all healed up and they have not been a sore since. I would not be without the Cuticura Remedies."

"They also cured a bad sore on the hand of one of my neighbor's children, and they think very highly of the Cuticura Remedies. John W. Hasty, Sr., Birmingham, N. H., Mar. 5 and Apr. 11, '09."

For Baby's Skin

The purest, sweetest and most economical method of preserving, purifying and beautifying baby's delicate skin, scalp and hair is the constant use of Cuticura Soap, assisted, when necessary, by gentle applications of Cuticura Ointment. For rashes, itches, inflammations and chafings of infants, children and adults, as well as for shaving, shampooing, anafat, antiseptic cleansing and all purposes of the toilet, bath and nursery Cuticura Soap and Ointment are unrivaled.

Free Laxative For Babies

Just as a mother is careful about the food she gives a child, she should be careful about the kind of a laxative she gives it to move its little bowels. Not all remedies for this purpose, no matter how good they may be, are suited to a child.

You should especially avoid pills and tablets and powders, for they are difficult to digest and children find it hard to swallow them. And purgatives and salts and the various waters are too violent for the young one. Better give it a gentle though effective laxative like Dr. Caldwell's Syrup Pepsin, which is pleasant to the taste and which does not gripe. A fifty cent or one dollar bottle can be bought of any druggist, and if you give a small dose, as the directions are for, before you put the child to bed, it will have a cheerful, happy child in a few hours.

This remedy has been sold for almost a century and thousands of families know about it, but if you have never used it, and you would like to make a test of it before buying it in the regular way, send your name and address to the doctor for a free sample bottle. In this way, without expense, you can get a small dose before breakfast, and you will have a healthy child in a few hours.

In the family of Martha Wheeler of Jacksonville, Fla., and I. S. Bowyer of Jacksonville, Fla., no other laxative but this is used. It is a remedy for all the family, strong enough to be effective on the most robust and mild enough so that even children and old people, who especially need a gentle laxative, can use it. You will find nothing better for constipation, indigestion, sick headache, sour stomach, flatulency and such stomach, liver and bowel troubles than this Dr. Caldwell's Syrup Pepsin. Let it be your family remedy from today on and we assure you you will have a healthy household.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card to the doctor. For either request the doctor's address to Dr. W. B. Caldwell, R. 509 Caldwell building, Monticello, Ill.

THE HALO OF LOVE

YOUNG MAN VERY MUCH AFFECTED WEARS AUR OF RED ABOUT NOODLE.

LATER, IS STREAKED WITH BLUE

This is Color of Devotion, According to Dr. Austin, Who Has Peculiar Ideas in Regard to Some Things.

St. Louis, May 24.—A young man very much in love wears an invisible but none the less aura of red about his noodle. After marriage, if happy, the scarlet halo, signifying passion, will become streaked with blue, the color of devotion. If he fails to pick a winner, and his wife, clad in a kimonos and curl papers, asks for money, his aura will assume a greenish tinge, that being the color of disgust. These statements were made today on the authority of Dr. B. F. Austin, an authority on auras, spooks and such, who has spent many years sorting out and investigating the halo subject.

According to Dr. Austin, a pale pink aura signifies a platonic friendship, while a color akin to a boiled beet tells the tale of undying affection.

If a man loves a girl for her money the red is tinged with brown, signifying selfishness and greed. Too much brown is a bad sign, following the theory, and prognosticates an unhappy union. It even might be said a slight tinge of salmon color would indicate the young lady was fishing for the man.

Dr. Austin declines to joke about his theory or to discuss any foolish questions, merely assenting in a jocular way when a freak question is put to him. He doesn't deny, since the color of devotion is blue, that a man who truly loves his wife would be surrounded by a halo of ethereal color when she asked him money to buy a new hat. There might be however, a mingling of green, brown black and purple along with the blue signifying conflicting emotions.

A highly developed and educated man is surrounded, according to Dr. Austin, by a rich yellow color. The more yellow there is in a man's halo or aura, the better educated and talented he is. College professors are enwrapped in yellow, perhaps tinged with red, indicating they are in love with their work.

Dr. Austin also has other theories besides the color idea. He maintains the human body is surrounded with waves of atmosphere, highly sensitive, which are susceptible of representation on a photographic plate. The highly nervous person's hand photographed by electricity, shows a series of waves radiating from it clear to the extremities of the plate. A more phlegmatic person's waves hardly make a showing.

Waves from the human brain are varied, according to the theory that Dr. Austin preaches. A normal person's brain shows straight and harmonious vibrations, while that of a murderer or thief shows jagged lines. "A murderer's brain," said Dr. Austin, "makes a picture like a cyclone. I have a slide here I call Harry Thaw's brain storm."

He exhibited a highly colored plate that showed three huge snakes coiled about in various positions. Forks of lightning darted in and out between the snakes. The whole was overcast by a murky brown, indicating a low state of savagery.

EMPLOYEES BACK AT WORK

Those Who Struck at the Ilasco Cement Plant.

Hannibal, Mo., May 24.—The Atlas Portland cement plant at Ilasco resumed operations yesterday.

Instead of disorderly demeanor, the foreigners are delighted to return to work at terms under which they were induced to strike.

Men still out on the various shifts have, as far as possible, been notified to report for work at the earliest possible moment.

THEY ASK FOR 'BLUE LAWS'

Business Houses in Springfield May Be Closed Sunday.

Springfield, Mo., May 24.—At the next meeting of the city council, the question of enforcing the ordinance requiring practically all business houses to close on Sunday will be taken up, and members of the council will request that Mayor R. E. Lee notify Chief of Police Hunter to enforce the ordinance strictly.

The step is being taken at the solicitation of many grocers, who claim that unless the Sunday opening of some groceries is stopped it will soon be necessary for each grocer in

Springfield to keep his store open on Sunday, if he desires to hold his trade.

Cases in Police Court Today.

EAGLES IN PEORIA

THREE DAYS' CONCLAVE TO BE HELD THERE BY MEMBERS OF THE ORDER.

THE VISITORS WILL REACH 3,000

One of Them Admits He May Not Be Able to Close All of the Distilleries There, But He Has Them Working Nights.

Peoria, Ill., May 24.—Eagles from all the aeries of Illinois are flocking to Peoria today for the big three-day conclave of the order. It is expected that the number of visitors will reach 3,000, and all will be elaborately entertained by the local members and commercial bodies.

Today was largely devoted to preliminaries, the reception of arriving delegates and to "getting acquainted." All Eagles are good fellows and born story-tellers, but a big delegate from Chicago was awarded the belt for this yarn:

"The last time I was in Peoria, I brought with me from Chicago a friend, a young traveling man. He was a bright chap and a good fellow, but he had an ambition to sop up all the whiskey in the world, and had made a good start. I determined to show him the uselessness of such an attempt, so I took him out to one of the big distilleries for which this town is famous. It was in the evening and the building was all lighted up.

"Now, see here, Charlie," I said, "you see that big distillery? Don't you see how hopeless it is to try to get away with all the booze it can turn out? And that's only one. There are many others." For a moment he was impressed, and I had visions of seeing him sign the pledge. Then his face lighted up.

"Thash all right, ol' hoss," he said, "but you'll notish I have 'em workin' nights."

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, dysentery or bowel complaints. It is simply impossible, and so says every one that has used it. Sold by all dealers.

KIDNAPER IS SENTENCED

Tillotson's Motion for New Trial Is Overruled.

Holt, Kas., May 24.—Freeman H. Tillotson, of the Tillotson Detective Agency, Kansas City, Mo., who was convicted last week for participation in the kidnaping of Marian Bleakley, the St. Louis world's fair incubator baby, from her mother at Topeka, Kas., last August, was sentenced to an indeterminate term in prison by Judge Rains Monday.

Judge Rains overruled a motion for a new trial, but released Tillotson on his continuing bond for ninety days, pending an appeal to the Kansas supreme court.

Mrs. James G. Barclay, foster mother of the child, of Moline, Ill., for whom the Bleakley girl was kidnaped, and J. N. Gentry, who is alleged to have assisted in the kidnaping, are yet to be tried.

A LARGE CEREAL CROP

That of Texas to Be Largest in the State's History.

Dallas, Texas, May 24.—According to L. W. Roger, one of the largest grain dealers in the state and an authority on crop conditions, Texas, this year, will harvest 12,000,000 bushels of wheat and 13,400,000 bushels of oats.

The corn crop is also very promising, he says, and will be fully 20 per cent higher than last year, owing to a better stand and increased acreage.

Texas last year produced 10,164,000 bushels of wheat, 11,500,000 bushels of oats and 122,250,000 bushels of corn.

CLASSIFIED ADVERTISEMENTS

O. C. P. S. C. O. A.

WANTED—A MAN, 18 to 40 years old, strictly temperate, honorable, honest. A Christian gentleman who is energetic, industrious, cool-headed, warm-hearted, ambitious to excel, to make money—not for money's sake, but for the good he can accomplish with it for others; who has lots of push, but too much love for his fellow man to push him back, aside or down to reach his goal; who is convinced, as I am, that the only road to real success is through helping others in every transaction; hence my plan which is founded on the principle of mutual benefit. My proposition is not a comet or a meteor, but is a fixed star, regular like the sun, to which you can hitch your chariot with safety.

DOWN IN YOUR JEANS—I want a man who has some money down in his pocket, or better still, in some of our banks—the safe and sane and sound Citizens' National on our street; the Third and the Sedalia National, the Gibraltar, on Third street; or the old reliable Trust company on Ohio street. I want him for a partner in a business with a future—success sure of attainment, if my plan is properly worked. I have burned the midnight oil more than once studying and planning my work, and now propose spending the remainder of my days working my plan, and need a good man to help me. Not much cash capital is necessary, but industry, energy, courage, enthusiasm, cheerfulness, kind-heartedness, carefulness—of these a large capital is absolutely essential. If the above is your picture, come and let's talk it over. There are two words in my plan that spell success, their initials head this article.

COTTON AS A FOOD

THE COW AND THE HOG TO TAKE A BACK SEAT IN THE NOT DISTANT FUTURE.

TO BE NO 40 CENT BUTTER THEN

Many New By-Products of Cotton Seed Have Been Discovered and the Business Is Growing Constantly.

Little Rock, Ark., May 24.—When cottonseed is produced in sufficient quantities, and its uses are fully known, it will solve many of the problems that now confront Americans. This declaration is made by officials of the Interstate Cottonseed Crushers' association, which convened in the Arkansas capital today for an annual session of three days.

Many new by-products of cottonseed have lately been discovered, and when perfected will largely increase the food value of that article. Prominent physicians declare that cottonseed oil is the most nutritious and healthful of foods, as well as the most easily digested.

Cottonseed crushers assert that when the merits of their product are better known, the cow and the hog will take a back seat, and cottonseed oil will be universally used instead of butter and lard. A superior quality of paper is made from cottonseed hulls, which are also largely used as bran for fertilizers.

Large quantities of cottonseed oil are exported to Italy and other European countries, where it is bottled and sold as olive oil. Until the passage of the food law requiring accuracy in labels, much of the so-called olive oil sold in this country, purporting to have come from Italy, was in reality American cottonseed oil which had made a trip to Europe and back.

CASHIER TRIES A NEW ONE

The Sum of \$137,000 Extracted From a Mexican Bank.

Mexico City, Mex., May 24.—To Robert A. Crump, cashier of the Federal Banking company, of Mexico City, which closed its business very precipitately two weeks ago, belongs the distinction of having discovered a new method of misappropriating bank funds.

Crump, in order to get hold of the bank's money and cover up his tracks, got a confederate who had no account with the bank to draw large amounts on checks which were kept until the closing hour and thus included in the regular business.

Afterwards, these checks were taken out and for this reason not transferred to the books. The sum of \$137,000 was abstracted in this manner. Crump has made a confession and now faces a long term in the Mexican penitentiary.

S. S. S. CURES SKIN DISEASES

Lying just beneath the outer covering or tissue-skin, is a sensitive membranous flesh in which are imbedded thousands of small blood vessels. It is through these tiny veins and arteries that nutriment is supplied from the blood to the different pores, glands and lymphatics. Thus the skin is kept healthy, and free from all eruption or disease, by pure blood. But when impurities and humors infect the circulation its nourishing properties are diminished and diseases of the skin with healthful properties it constantly irritates and inflames the delicate fibres, pores and glands with sharp uratic matter. Then the skin tissues inflame, swell and ulcerate and some form of skin disease appears on the surface. Applying soothing lotions, salves, etc., to the outer eruptions does not purify the blood and therefore the skin trouble can not be cured in this manner. S. S. S. cures all skin diseases by neutralizing the acids and removing the humors from the blood. It cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its rich, nutritious corpuscles, and adds to its purity in every way. Then the skin, instead of being irritated and inflamed by sour impurities is nourished, soothed and softened by this cooling, healthy stream of blood. S. S. S. Cures Eczema, Acne, Tetter, Salt Rheum, Poison Oak, boils, pimples, rashes, etc. Book on Skin Diseases free to all who write.

NEWS OF THE RAIL

THE M. K. & T. LIMITED, NO. 10, WAS WRECKED NEAR ERIE, KANSAS, YESTERDAY.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

The Katy Limited, train No. 10, northbound, due out of this city at 7:10 this morning, was wrecked at 8:10 this morning three miles north of Erie, says Monday's Parsons Sun. No one was injured but all the passengers were severely shaken up. The tender, baggage car, smoker, chair car, cafe car and one sleeper left the rails. Only the engine and the back sleeper remained on the track. No one knows the cause of the wreck. The cars are all right end up and the back sleeper is in the ground even with the windows. The lighter cars are buried up to the second steps. There was not much damage to the cars, so far as is known.

The train left Parsons twenty minutes late and was running perhaps forty miles per hour when it left the rails. The wreck occurred on straight track where there was practically no grade. The momentum of the train carried it about two hundred yards after it left the rails and tore the track up badly for this distance before the stop. The train left the track to the west and the cars buried in the mud form a sort of semi-circle.

Strike Breakers Quit Work.

About sixty strike breakers, who went to Little Rock last week from St. Louis to take the place of striking machinists in the Iron Mountain shops at Baring Cross, quit work Monday and announced their intention of returning to St. Louis at once.

The men stated that they wanted an increase of wages and better food. The officials of the company were not satisfied with the work performed by the strike breakers and they were given time checks and transportation to St. Louis.

Sheriff Roberts has placed fifteen deputies about the property of the company in Argenta and Little Rock. George Rison, a deputy sheriff, was placed in charge of the deputies at the south end of the Baring Cross bridge. J. J. Hawkins, former chief of police, now deputy sheriff, is in charge of the deputies at the shops.

"Katy" Agent Is Promoted.

A. G. Peck, who has been joint agent at McAlester, Ok., for the Katy and Rock Island, and for eleven years agent for the Katy at North McAlester, left Monday for Kansas City, where he has been appointed general agent for the Katy. He has been with that road thirty years, starting as a messenger boy at Parsons, Kas.

SEVENTEEN SAILORS LOST

Collision of Steamers on Lake Resulted in Death of Many.

Port Huron, Mich., May 24.—The steamer Frank H. Goodyear, owned by Capt. Mitchell, of this city, collided in a fog 27 miles south of Thunder Bay, at 6 o'clock last night, with the steamer Jas. B. Wood, sinking in 47 fathoms of water. The Goodyear's crew numbered 23, of which 17 were lost. Captain Hemminger, who was in command of the Goodyear, is among the survivors.

Many of the Goodyear's crew were killed by falling hatches before they had a chance to jump into the water. All had on life preservers when the vessel sank. A baby of the Goodyear's cook was dashed from his

arms by a falling hatch and the infant perished.
